

Hello Parents,

Another month is upon us and here are a few updates and reminders.

**Family connection to peers and community**

The parent activity for this month is to attend and participate in the Festival of Trees and Parade of Lights. December 1<sup>st</sup> & 2<sup>nd</sup>.

**Christmas Break**

There will be no school from December 23<sup>rd</sup> to January 5<sup>th</sup>. School will start back up on January 8<sup>th</sup>.

**Volunteering**

We are searching for parents to come in on Fridays to volunteer and help sanitize toys. It would be a great help if a couple of parents came in on Fridays and would sanitize the toys that are used in the classrooms. We ask that the parents come without their children. Please ask questions or let the teacher/teacher aide know if you would like to help.

**Children's Health**

Please be sure to keep your kids home if they are sick with a cold, flu or running a fever. Please call us and let us know that your child is going to be kept home.

**Changing Weather**

The cold weather and snow is starting to move in, so please make sure your children come dressed in proper outerwear and shoes/boots.

**Free Dental**

Nelson and Page will be providing free dental care for those who cannot afford dental care. Friday, December 8<sup>th</sup>. Call to make an appointment.

**Four year old classroom**

The four year old classroom will be working on counting and identifying shapes and objects in the environment.

**Three year old classroom**

The three year old classroom will be learning about water and wind.

**DECEMBER**

**2017**
