## DECEMBER NEWSLETTER

## Health

Please remember to follow the Sick Child Guide in your parent handbook! If your child is sick and has had vomiting, diarrhea, or a fever then they must remain out of the center for a full 24 hours since their last symptom. This helps to reduce the spread of sickness and keeps our kiddos and their families healthy!

## Home Learning Logs

Thank you to all of the parents who have returned the Home Learning Logs! Home Learning Logs are sent out weekly and give your child an opportunity to learn even more at home! When they are filled out and returned, they also count towards our in-kind to meet our organization's grant requirements! If you have logs from a previous week, you can still fill them out and return them – they still count towards in-kind!

## RECRUITMENT

**WE ARE CURRENTLY RECRUITING FOR ALL CENTERS IN THE REGION! PLEASE HELP SPREAD THE WORD AND RECOMMEND OUR PROGRAM TO FAMILY AND FRIENDS!**

“Children learn as they **play**. Most importantly in play, children learn how to learn.”

—O. Fred Donaldson

**Play** is an important part of your child's education! **Play** allows children to use their creativity while also developing their imagination, fine motor skills, and gross motor skills. It also allows them to develop physical, cognitive, and emotional strength. **Play** helps promote healthy brain development as well! Through **play**, children learn to engage and interact with the world around them!
